INDEPENDENT AUDITOR'S REPORT

The Board of Directors
Radio Bilingue, Inc.
Fresno, California

We have audited the accompanying statements of financial position of Radio Bilingue, Inc., as of September 30, 2008 and 2007, and the related statements of activities, cash flows, and functional expenses for the years then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Radio Bilingue, Inc. as of September 30, 2008 and 2007, and the results of its activities and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated February 16, 2009, on our consideration of Radio Bilingue, Inc.'s internal control over financial reporting and our test of its compliance with certain provisions of laws, regulations, contracts, and grants.

RADIO BILINGUE, INC.
Fresno, California

NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008 and 2007

Note 1 – Summary of Significant Accounting Policies

Organization

Radio Bilingue, Inc. is a nonprofit California corporation which operates noncommercial public radio stations (KSJV-FM in Fresno, KMPO-FM in Modesto, KTQX-FM in Bakersfield, KUBO in El Centro, and KHDC in Salinas).

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

Revenue

Radio Bilingue, Inc. receives substantially all of its grant and contract revenue from the Corporation for Public Broadcasting, Foundations, Federal, State, and other governmental agencies. Radio Bilingue, Inc. recognizes contract revenue (up to the contract ceiling) from its contracts either on a pro-rata basis over a 12-month period, which represents the service period for certain contracts, or to the extent of expenses. Revenue recognition depends on the contract.

Any of the funding sources may, at its discretion, request reimbursement for expenses or return of funds, or both, as a result of non-compliance by Radio Bilingue, Inc. with the terms of the grants/contracts.

Unearned Revenue

Radio Bilingue, Inc. records grant/contract revenue as unearned revenue until it is expended for the purpose of the grant/contract, at which time it is recognized as revenue. The balance in unearned revenue at September 30, 2008, represents amounts received under cost reimbursable contracts that will be expended in the next fiscal year in accordance with the grant/contract period.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Radio Bilingue, Inc. has not received any contributions with donor-imposed restrictions that would result in temporarily or permanently restricted assets. Contributions for property, space and professional services are recorded at their fair market value of \$440,560 and \$363,952 for the years ended September 30, 2008 and 2007, respectively.

Property and Equipment

Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of receipt. Depreciation is computed using the straight-line method. Repairs and maintenance are charged to operating expenses as incurred. Individual items with the cost of \$3,000 or greater are capitalized.

Advertising Costs

Advertising costs are expensed as incurred.

RADIO BILINGUE, INC.
Fresno, California

NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008 and 2007

Note 1 – Summary of Significant Accounting Policies (Continued)

Retirement Plan

Radio Bilingue, Inc. has a salary reduction plan (401k) in place, which is available to all employees who have worked more than 30 days with the Organization. The amount of salary reduction is paid directly to an independent administrator and applied directly to the employee retirement investment account.

Tax Exempt

Radio Bilingue, Inc. is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and, therefore, has made no provision for federal income taxes in the accompanying financial statements. In addition, Radio Bilingue, Inc. has been determined by the Internal Revenue Service not to be a "private foundation" within the meaning of Section 509(a) of the Internal Revenue Code. There was no unrelated business income for 2008 and 2007.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Equivalents

Cash and equivalents consist of cash held in a checking account at Wells Fargo Bank and a money market account, with a maturity of three months or less, held at The Vanguard Group.

Concentration of Credit Risk

Radio Bilingue, Inc. maintains one bank account at Wells Fargo Bank. Accounts at the bank are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$100,000. Cash at Wells Fargo Bank exceeded federally insured limits. The amount in excess of the FDIC limit totaled \$31,267 and \$72,551 as of September 30, 2008 and 2007, respectively. Cash at Vanguard is not covered by any insurance program, therefore, the entire \$333,755, as of September 30, 2008, is not insured.

Functional Allocation of Expenses

The costs of providing the various programs, fundraising and other activities have been summarized on a functional basis in the Statement of Functional Expenses. Accordingly, certain costs have been allocated among the various programs and fundraising activities which benefited.

Note 4 – Contingencies

Continued program funding is contingent upon the availability of funds from federal, State and local funding sources and project performance. Periodic audits may be performed by granting agencies and certain costs may be questioned as not being reimbursable under the terms of the contract. Such audits could lead to reimbursement to the granting agency. Until such audits have been completed, there exists a contingency to refund any amount received in excess of allowable costs.

Radio Bilingue, Inc.
Fresno, California

We have audited the compliance of Radio Bilingue, Inc., as of and for the year ended September 30, 2008, and have issued our report thereon dated February 16, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Radio Bilingue, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Radio Bilingue, Inc.'s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Radio Bilingue, Inc.'s internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Radio Bilingue, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of, management, the audit committee, and awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited.
